

EMPOWERING MSMEs, ONE WATT AT A TIME.

Bluerraft Solar Solutions is powering 1,000 MSMEs in Southwest Nigeria with affordable & reliable solar solutions. Join us in driving sustainable growth and high-impact investment.

WHY INVEST?

High Growth Market

Nigeria's MSME sector contributes over 50% to GDP but faces critical energy challenges.

Scalable Model

Lease-to-own solar solutions ensure affordability and long-term sustainability.

Strong Returns

Projected growth with clear financial models and risk mitigation strategies

Impact-Driven Investment

Support economic growth while promoting clean energy adoption.

Our approach

Lease-to-own model with integrated payment solutions.

Hybrid distribution strategy: mobile agents and digital platforms

Initial rollout targeting 100 MSMEs in 2025, scaling to 1,000 within three years.

Be part of a game-changing investment opportunity in clean energy!!!
