YOUR WELLBEING HACK

**Your wellbeing hack for
coworking**

Not a longevity kit.
Not a prevention protocol.
Not a wellness trend.

Omesys is all of this and more.

The first fully **integrated longevity operator**, combining cutting-edge equipment and person-ambient ecosystems with a smart, scalable platform designed for real estate, coworking, and corporate destinations.

On one hand, **technology**: scientifically validated longevity equipment and solutions, integrated with a wearable device and managed by an AI-powered app that monitors vital parameters and suggests real-time actions.

On the other hand, **human value** of augmented biohacking coaching: an international network of experts accompanying the Omesys community through a holistic wellbeing journey, fostering awareness and behavioral evolution.

In a market where
“everyone has everything”,
wellbeing becomes
a premium value.

OMESYSTEM

A complete wellbeing and longevity ecosystem

Beyond traditional wellness applications for residential and corporate shared spaces, we turn investments into high-impact experiential settings, backed by integrated professional support.

Omesystem features on-demand services for training, nutrition, beauty, and lifestyle optimization, guided by biometric intelligence. Our biohacking specialists go further, designing motivational and empowerment programs for both individuals and teams.

**EVERYDAY.
A FRUITFUL AND MEASURABLE
LONGEVITY EXPERIENCE.**

- **INNOVATIVE TECHNOLOGIES** AND ON-SITE EQUIPMENT
- **WEARABLE DEVICE** AND OMESYS APP WITH CUSTOM PROGRAMS BASED ON BIOMETRIC DATA AND PERSONAL HABITS
- **MULTIDISCIPLINARY EXPERT TEAM** ANALYZING INITIAL BODY CHECKS AND DEFINING EFFECTIVE PROTOCOLS
- **BIOHACKING COACHING** SUPPORTING USERS IN ROUTINE IMPROVEMENT AND MINDSET CHANGE
- **INTERNAL TRAINING** PROGRAMS TO ENHANCE MANAGEMENT AND OPERATIONAL PERFORMANCE
- CONSULTING, ASSISTANCE AND TARGETED REPORTING
- HIGH STANDARDS OF **PRIVACY** AND **CONFIDENTIALITY**

A new concept of workspace amenities

STAND OUT WITHOUT INVESTMENT

Coffee areas, smart meeting rooms, and gyms are the norm. The real innovation is a **longevity and biohacking coaching ecosystem available to your tenants**. We lease the space, install the technology, train your managers, and guarantee support. A **premium distinctive element without costs and operational complexity**.

MEASURABLE PRODUCTIVITY, REAL ENGAGEMENT

Coworkers gain access to a science-based ecosystem, supported by biohacking coaches and on-demand activities to improve wellbeing and lifestyle habits. From generic “wellness” promises to **concrete improvements in work-life balance**: more energy, focus, resilience. Satisfied tenants, high retention, strong community.

A COMPETITIVE ADVANTAGE THAT YOUR TENANTS CAN EXPERIENCE AND VALUE, DAY BY DAY.

Stand out now by offering comprehensive, intelligent, and measurable wellbeing!

BRAND AWARENESS, REVENUE SHARING

More than an additional service, a strategic asset for your brand positioning. A new way to attract professionals seeking spaces where wellbeing and productivity seamlessly fit into their workday. Pay-per-use access for tenants, 6-month pilot test, and subsequent revenue sharing for you. **Gain an additional tenant and potential returns through a revenue-sharing model.**

HIGH-IMPACT MARKETING CONTENT

Exclusive storytelling for campaigns, presentations, and social media. While competitors talk about “stimulating atmosphere” and “networking,” anchor your positioning in an **innovative wellbeing and biohacking system**. A visionary and scalable brand positioning that attracts both tenants and investors.
